

ParkSmart!

To help safeguard your personal property, Downtown Visions Safety Ambassadors will be frequently patrolling this facility. To help improve the safety of your vehicle and its contents, Downtown Visions, along with the Wilmington Parking Authority recommends the following tips:

- Take your parking access card or ticket with you – do not leave it in your vehicle!**
- Take your keys.**
- Lock your vehicle**
- Do not leave any windows open, even slightly.**
- Never leave items visible inside your vehicle.** Would-be thieves walk by vehicles looking for things to steal. If they see a radar detector, a camera, a coat, or mobile phone, you are an attractive target for the thief. Put all items in your trunk.
- If you normally plug an item into your cigarette lighter, be sure you unplug it and replace the cigarette lighter or cap.** A would-be thief will see an empty lighter slot and know you probably have an item under the seat.
- If you have a pull-out radio, take it out and put it in your trunk.** Would-be thieves recognize what a pull-out radio looks like, taking just seconds to steal it.

By following these simple steps you can help the Downtown Visions Safety Ambassadors make your stay in Wilmington more enjoyable.

Don't forget that Downtown Visions offers **free Safety Escort Service** to all employees and visitors to Downtown. If you would like an escort to walk you to your destination, please **call Downtown Visions at (302) 425-4200**. (Please note that this service is limited to the boundaries of the Wilmington Downtown Business Improvement District)
